

MONTHELIE 1^{ER} CRU "CHAMPS FULLIOT"

An elegant wine

TOTAL AREA	44 ares	PRODUCTION	1,500 bottles/year
GRAPE VARIETY	Pinot Noir	SOIL	Clay and limestone
PLANTING YEAR	1979	EXPOSURE	South – South-east

Harvesting by hand. No fining; very light filtering.

This fairly shallow (20–30 cm) red clay lying directly on the bedrock in the continuation of "Clos des Chênes" produces a very delicate wine. Young, it is redolent of blackcurrant or violet notes. Its elegance and tannin structure make this wine a good candidate for cellaring. It is a delicious, voluptuous wine.
